

PARKING AT ASCENSION

Welcome to Ascension Cathedral. We are glad to have you on our campus.

While parking is free during your event, we have rules that will need to be followed:

- The speed limit on the campus is five (5) miles per hour. Keep an eye out for pedestrians at all times.
- Parking for Ascension guests are in the Parking Pavilion and the upper lots only. **These areas are marked in red on the map.**
- Anyone in a space that is marked for the disabled **MUST** have a disabled placard that is visible at all times, either on the license plate or a placard in the window (those spaces are in the Parking Pavilion and are closest to the elevator). **A vehicle parking in those spaces without a visible placard will be towed.**
- No parking in any of the red zones located near/in front the Cathedral or around the pond. These are loading and unloading zones only.
- The two green parking spots are for the Parish priests only 24/7/365 and are marked as such (i.e. "Clergy Parking"). **Any car in those locations will be towed.** No questions asked.
- The parking stalls located near the street (where the Priests spots are located) are for Ascension Staff, Alpha Catering and Security **ONLY**. **This is marked on the map in the yellow section.**
